

SHOWERS SETS

THE DOLPHIN STORY

A BETTER EXPERIENCE A BETTER WASHROOM

Let's start with the obvious reason for making us your go-to supplier of all things washroom-related: the exceptional quality and immense breadth of our product range.

We've got it all. From dispensers to hot air dryers, taps and bins to baby change units, every item we sell is intelligently designed, not just to look good but to be truly fit-for-purpose.

And then there's our proven expertise. We've been working with architects, contractors and developers to create beautiful, high performance commercial washrooms for nearly 20 years; and we couldn't be more proud of what we have achieved together.

From the Shard to the Royal Shakespeare Theatre, Sydney Airport to St Pancras International, Wimbledon to Wells Cathedral, you'll find Dolphin washrooms – looking great, and performing brilliantly – in an incredible range of prestigious settings around the globe.

GET IN TOUCH

We're always happy to talk. Simply pick up the phone, pop in to see us or send us an email and we'll get in touch as soon as we can. We have a number of washroom experts in the field, who are always ready to come and discuss your unique design considerations.

First established in South Africa over 30 years ago, Dolphin now has offices in the UK, France and Australia, and distributors worldwide. Recent acquisitions of businesses within the washroom sector has seen Dolphin grow, around the globe.

But we're probably even prouder of the lasting relationships we've built. Many of our clients come back to Dolphin time and again, for every new project. Which we think says a lot about what we're like to work with, and how much we put into getting every job exactly right.

Our clients know they can depend on us to turn their vision into reality; to deliver on time, every time; and to provide prompt and highly responsive aftersales support, whenever they need it.

Beautiful, intelligent, agile, empathetic ... a better washroom, and a better experience, are definitely a Dolphin Thing.

We've got the globe covered with a reliable network of distributors in Europe, Asia, Australasia and the Middle East. If you'd like to get in touch, you can find all of their contact information on our website.
