Nuova collezione quadrotte

Square Space.
New pattern floors collection

Square Space è una nuova interpretazione originale del *pavimento in legno*,
Ciascun elemento quadrato è lavorato con tratti a intarsio, dalla cui combinazione
prendono vita pavimenti ogni volta unici. Estrosi e decorativi o lineari,
rigorosi o geometrici: disegni che rispecchiano gusti, stili, emozioni.

Square Space is a new original interpretation of wooden floor.
Each square tile contains inlaid parts for a special and
unique *wooden floors*. Whimsical, decorative, modern or geometrical:
a design floor that expresses different tastes, styles, emotions.
