

For HighLine

AESTHETICS AND FUNCTIONALITY

Unidrain is known for streamlined and elegant design, which makes it possible to combine both aesthetics and functionality. It's been 15 years since Unidrain launched the first groundbreaking floor drain which changed the standards of modern bathrooms, and ever since, more products has been added.

In 2010 we introduced the exclusive floor drain series HighLine, which won several design awards. The HighLine series offers the ability to create a unique solution for your bathroom.

HIGHLINE SERIES

HighLine is Unidrain's exclusive, award-winning series. The series is available in both solid steel panels, and a discreet solution with a floor tile of your own choice.

- 1 HIGHLINE | PANEL with frame
- 2 HIGHLINE | CUSTOM without frame,
A floor tile of your own choice is placed on the top.
- 3 HIGHLINE | CUSTOM with frame
- 4 HIGHLINE | CASSETTE with frame, with edges on all sides
for use with any material. Ideal for terrazzo.

HIGHLINE PANEL

HighLine panel comes in five colours: Brushed or hand polished stainless steel, brushed black, brushed brass and brushed copper.

Reframe Collection toilet brush, toilet paper holder, soap shelf and wiper | Brass

HighLine floor drain | Custom without frame

GlassLine shower screen | with black frame

HighLine floor drain | black

Reframe collection soap shelf with shower wiper, towel bar, hook,
toilet brush, toilet paper holder and spare toilet paper holder | black

GLASSLINE - STATE OF THE ART

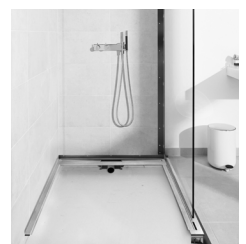

Unidrain GlassLine is a glass wall solution with an integrated floor drain and built-in slope, securing an easy installation and water tight solution.

Only a discreet steel frame is visible along the wall and floor, showcasing the elegant lines and providing a timeless look.

Glass surfaces are treated with Cleantec for easier maintenance.

HighLine floor drain | Custom tile solution

HIGHLINE CORNER DRAIN

The corner drain is the simple and discreet solution for bathrooms and utility rooms where space is limited. The corner drain comes as steel panel with/ without frame and as Custom tile solution. The frame is optional but is designed to emphasise the exclusive design of the floor drain. The height of the frame (10, 12 or 25 mm) depends on the thickness of the floor tile.

Glue a matching floor tile on the base to complete the custom solution.

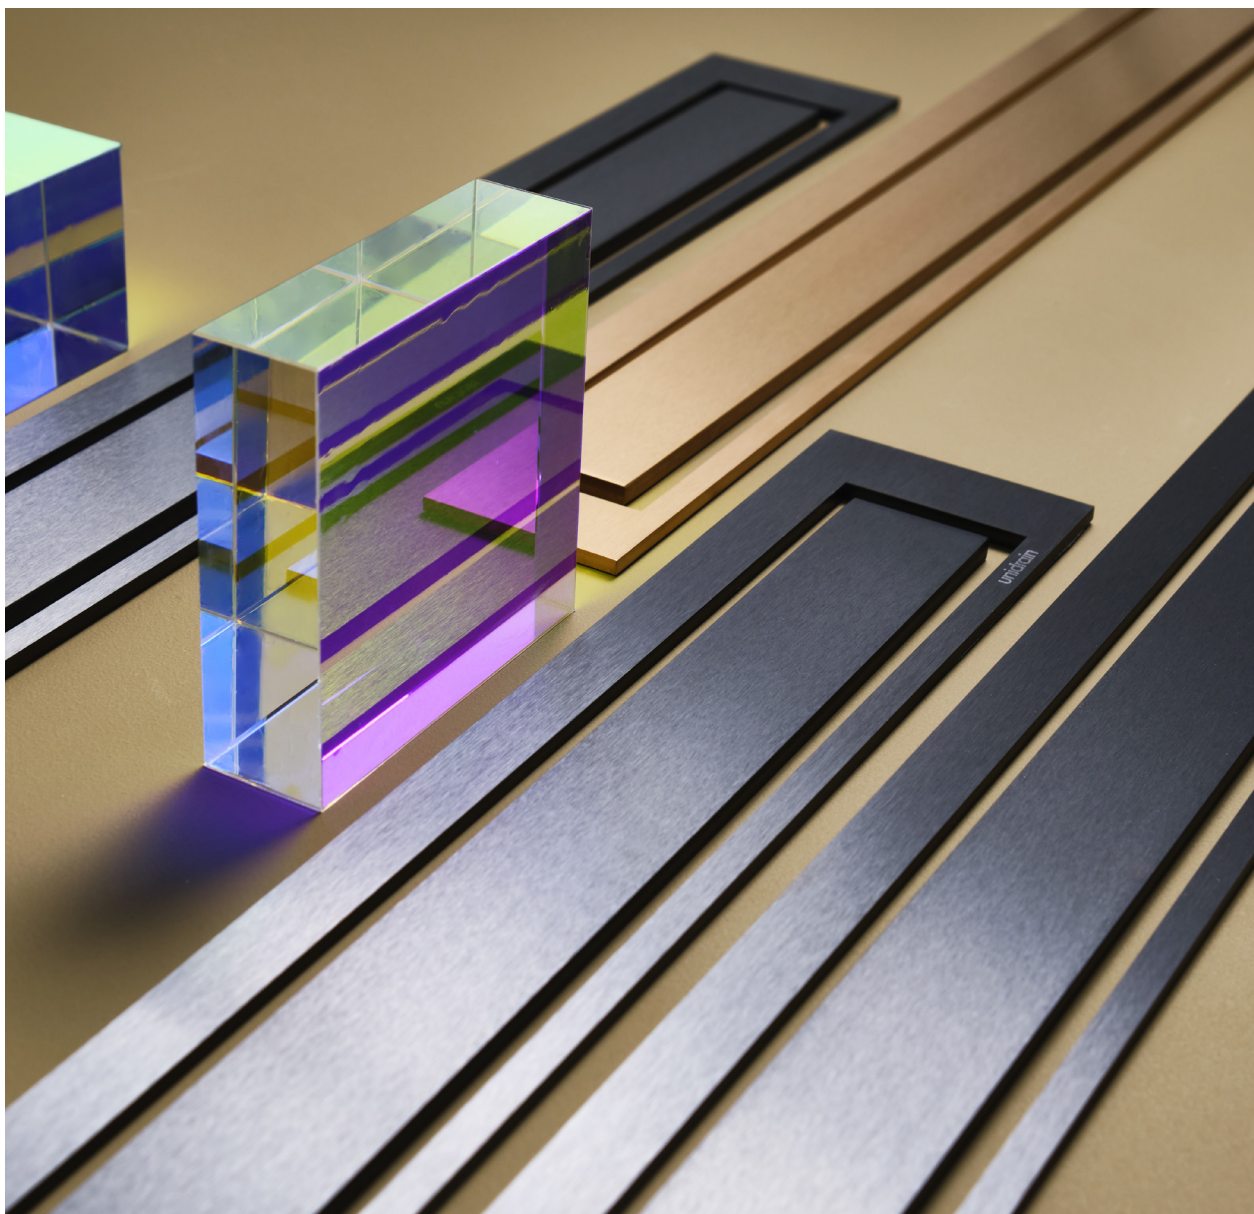

REFRAME YOUR BATHROOM EXPERIENCE

Reframe Collection by Unidrain is an exclusive and unique series of bathroom accessories designed to give your bathroom a truly Scandinavian look. The design is timeless and minimalistic.

MATCHING COLOURS

The Reframe Collection is designed to match the award-winning Unidrain HighLine-series. Choose between five colour options: hand polished or brushed steel, brushed copper, brass or black.

SOAP SHELF AND SHOWER WIPER

Besides creating a place for your shower essentials, the shelf also provides a fixed home for the shower wiper. Hidden magnets in the wall mount and shower wiper ensure a secure and discrete placement, keeping the wiper handy and easy to access at all times.
